

THE NLEDP OPEN SPACE WORKSHOP – TUESDAY 3RD JULY 2018

PURPOSE OF THE PROCESS

to establish a productive space where the Home Office and Civil Society can have safe and productive conversations about the implications of the Law Enforcement Data Service

If successful, the proposed process will contribute to:

- effective civil society input into the transfer process of the PND and PNC;
- the development of a more robust Privacy Impact Assessment;
- support for the code of practice from participating CSOs; and
- the development of an ongoing process of collaboration between the Home Office, civil society organisations and organisations from other sectors.

Purpose

- Provide an introduction and a chance to shape:
 - NLEDP
 - the privacy impact assessment
 - key issues arising and
 - the process
 - the scope of the discussion (and principles behind deciding this)
- Agree the purpose of the process and the principles of working
- Agree and prioritise the key issues to focus on
- Identify additional participants missing from the process
