FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

(i) 5 U.S.C. § 552(c). Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.

(ii) Intelligence Records. To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(j)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

(i) Requests for Records about any Individual—Watch Lists. The FBI can neither confirm nor deny the existence of any individual’s name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.

(ii) Requests for Records about any Individual—Witness Security Program Records. The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

(iii) Requests for Records for Incarcerated Individuals. The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

(i) Record Searches. The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems or locations where responsive records would reasonably be found. A standard search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. Unless specifically requested, a standard search does not include references, administrative records of previous FOIPA requests, or civil litigation files. For additional information about our record searches, visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.

(ii) FBI Records. Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.

(iii) Requests for Criminal History Records or Rap Sheets. The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same material as an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

(iv) National Name Check Program (NNCP). The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private Citizens cannot request a name check.

OPERATION PACIFIER

Operation Pacifier is an international investigation into a Tor hidden service known as "PlayPen" and its users, who were involved in the production, advertisement, and distribution of some of the most egregious CP available.

In January 2015, the Violent Crimes Against Children Section’s (VCACS’s) Major Case Coordination Unit (MCCU) executed a search warrant. These reports were ultimately provided to FBI field offices in the form of targeting packages.

In February 2015, the head administrator of "PlayPen" was identified and arrested in Naples, Florida. The MCCU then obtained Title-III and search warrants. This may be the only time these subjects will be visible to law enforcement. For this reason, the FBI has placed an emphasis on addressing each lead generated in this case.

Each targeting package (Operation Pacifier lead) sent to field offices was the result of a search warrants executed.
Prosecution in state court is not viable because [redacted] may be exposed during the discovery process in state courts or through state generated FOIA requests.
